

Simply Managed

Today's businesses are looking for operational efficiencies and a clear return on investment.

Many owners, however, are unaware that the costs associated with information management & document production can be significant.

DMC Canotec's Managed Document Print Services are designed to help you maximise your Return on Investment.

Control Your Costs

Everyday business processes, including document handling and the inefficiencies associated with searching for paper-based information, waste both time and money.

Implementing fully integrated end-to-end document workflows, DMC Canotec can help you to reduce these hidden costs.

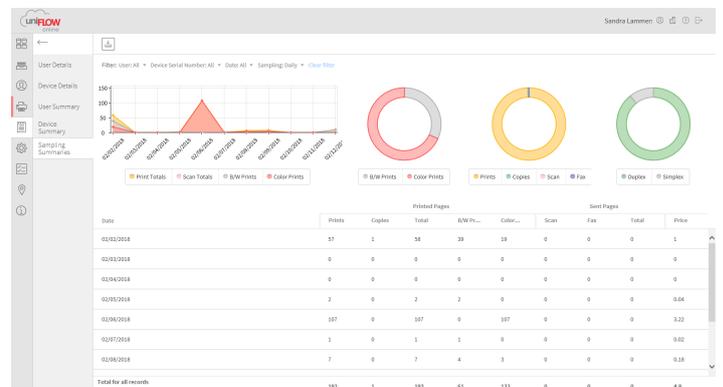

Optimised output management

Embedded output management software reports users' expenditure, highlighting areas for big potential savings.

This market-leading technology reduces your reliance on local servers and IT departments to monitor output and deliver savings.

 **3-6%**
of revenue can be spent by an organisation on printing costs.
